CHIROPRACTIC AND FUNCTIONAL MEDICINE

Dr. Kelly Brauchla attended Western Michigan University for her undergraduate studies. She moved to St. Louis, Missouri to attend Logan College of Chiropractic where she received a Doctorate of Chiropractic, a Bachelor of Human Biology and a Certification in Acupuncture.

In 2004 Dr. Kelly worked as an associate for a year in Richland, Michigan before moving to Anderson, Indiana where she opened up her own practice with her husband. She is licensed to practice acupuncture and chiropractic in Indiana and Michigan.

Why did you want to become a Chiropractor?

"I have always been interested in natural health and healing. I come from a family of 4 chiropractors so making the decision to become a chiropractor was easy. Besides opening our practice my other proudest accomplishment is our two kids Kiley and Parker. We are proud to say neither of them have been vaccinated and have never had any type of medication or antibiotic in their systems. They both have been treated by us with Chiropractic since the moment they were born and prove to be very healthy kids."
